

HUZAIFA NAEEM

Senior Product Designer

+92 324 2237858 | huzafnaeem06@gmail.com | [LinkedIn](#) | [Behance](#) | Karachi, Pakistan | Remote: Worldwide

PROFILE

Senior Product Designer with 5+ years across brand identity, graphic design, and UI/UX and 2.5+ years focused on end-to-end digital product design. I design outcomes, not just aesthetics: building the UX structures, conversion systems, and product logic that drive real business results.

Experienced in eCommerce UX, enterprise SaaS, and government platforms currently sole designer on an 8-platform UK Government initiative (200+ screens) managed independently using AI-augmented workflows. Available on-site in Pakistan and remotely worldwide.

EXPERIENCE

Senior Product Designer

Jan 2026 – Present

GYB Commerce Full-time, On-site | Karachi, Pakistan

- Sole designer on an 8-platform UK Government digital transformation project 200+ screens from discovery to developer handoff, delivered independently using AI-augmented workflows.
- Led end-to-end redesign of GYB Commerce's main website: UX strategy, content architecture, visual design system, and live implementation repositioning the brand at an international agency level.
- Built and maintain scalable Figma design systems used across multiple live products with complete developer handoff documentation.
- Consult directly with enterprise and international clients to translate complex business requirements into clear product direction and UI.

Product Designer

Jan 2024 – Dec 2025

GYB Commerce Hybrid | Karachi, Pakistan

- Designed UI/UX for eCommerce product pages, category flows, and conversion-focused funnels across tech and retail clients.
- Delivered brand identity systems logo, color, typography, and digital asset guidelines for multiple client brands.
- Designed and built 3+ WordPress websites with custom UI and SEO-optimized page architecture.
- Produced ad creatives and managed social media visual output with consistent campaign quality.
- Collaborated closely with dev teams to ensure design intent carried through to live product.

Product Designer

Dec 2024 – Present

InnovaX Digital Freelance, Remote | Pakistan · UK · UAE

- Designing UI/UX and brand systems for startups and growing businesses across Pakistan, UK, and UAE.
- Focused on full eCommerce store systems: product discovery flows, trust signals, checkout architecture, and post-purchase experience not just the visual layer.
- Designed and shipped 4+ digital products: SaaS dashboards, landing pages, and complete brand systems.
- Acquiring and delivering projects via LinkedIn and Upwork with consistent repeat engagements.

Visual & Brand Designer

Jun 2023 – Jan 2024

The Artistic Genie LLC — Contract, Remote | Remote

- Delivered brand identity packages (logo, color system, typography, stationery, digital guidelines) for automotive and retail brands.
- Created social media campaigns and ad creatives across concurrent client projects with consistent on-time delivery.

KEY PROJECTS

UK Government Enterprise Platform — GYB Commerce

Sole designer on a UK Government digital transformation initiative. 8 interconnected platforms, 200+ screens designed from discovery to handoff. Managing full scope independently using AI-augmented workflows for research synthesis, content modelling, and design QA. Accessibility-first design with complex information architecture across multiple government service areas.

GYB Commerce Website Redesign

End-to-end redesign covering UX strategy, content architecture, visual design system, and live implementation. Repositioned the brand to compete at an international agency level.

eCommerce Store Design — Conversion System

Designed a full eCommerce store end-to-end with a focus on the system behind conversion. Covered product discovery UX, trust architecture, pricing psychology, checkout flow, and mobile-first layout designed around how customers actually make purchase decisions.

AI SaaS Dashboard — InnovaX Digital

End-to-end product design for an AI-powered SaaS platform: user flows, onboarding UX, dashboard design, and full design system. Delivered Figma prototype and complete developer handoff package.

Brand Identity Systems — 20+ Clients

Delivered 20+ brand identity packages for tech startups and retail brands across Pakistan, UAE, and UK. Each covering logo, color, typography, stationery, and digital asset guidelines.
