To: Hiring Team

Company: Hostaway

Dear Hiring Manager, I am excited to apply for the Staff Product Designer - Design Systems position at Hostaway. With 5+ years of experience in UI/UX design and product strategy, I am confident in my ability to deliver scalable design systems and drive real business results. My experience as a Senior Product Designer at GYB Commerce has given me a strong foundation in designing end-to-end digital products, and I am well-versed in using AI-augmented workflows to streamline design processes. I am particularly drawn to this role at Hostaway because of the opportunity to work on design systems and collaborate with a talented team of designers and engineers. I am impressed by Hostaway's commitment to delivering high-quality products and services, and I am excited about the prospect of contributing my skills and experience to the team. Thank you for considering my application. I would welcome the opportunity to discuss my qualifications further and explain in greater detail why I am the ideal candidate for this role. I am available for remote work worldwide and am excited about the opportunity to join the Hostaway team.
